

# Think about a small creature and what house they might want

Now draw four things your character might want to be able to do in its home! Play with friends, hibernate for months, swim...?

Write down information about your character and draw four things they need in their new super cool home.

What kind of creature is it? Does it have a name?

.....  
.....

Who else lives with it (family, pets, friends, things)?

.....  
.....

What environment does it live in?

.....  
.....

What would they need? What would they love their home to look like?

.....  
.....  
.....
