

North 2030 challenge cards

Cut up the cards and pick one! Use your card to think about what *your life in the North* in 2030 might be like.

What could you invent for the future?

Little
Inventors

PROUD TO BE A PART OF

Invent something that you
can wear around your
waist or on a belt.

Invent a new machine to move
around from place to place.

Invent a hat that helps you
do something.

Invent an underwater sport
and the building it is played in.

Invent something that will
make it easier to get from
one city to another.

Invent something to get people
using their bikes more.

Invent something to help with
cooking on the go.

Invent something to make a
Northern city greener.

Invent smart jewellery.

Invent something to
make people laugh!

Invent something wearable
that is also a game.

Invent helpful shoes.

Invent a new
amusement park ride.

Invent a recycling
machine for home.

Invent a way to make
energy at home.

Invent something to
entertain your pet.

Invent something to protect you
from the weather.

Invent something to
use less water
