

Dream green

Pick a room in your school or somewhere you spend a lot of time and make it more environmentally friendly. This can be any room – your bedroom, the school cafe, your classroom or your favourite restaurant.

What do you do within your chosen room that uses energy? Make a list below:

What problem could you solve in your chosen room? List your ideas and thoughts of how you might do this. Think about water wastage, heating, lighting, appliances.

How could you use nature within your space to help reduce energy consumption?

How can you capture any wasted energy within the room?
Think about sunlight, water, movement.

Design your new greener room.

Label what you have added, adapted or taken away.
