

# My fantasy journey

Think about a train journey and fill in the boxes below. You could fill them in imagining what it would be like to be someone or something else. A bear, a snake, a stilt-walker, a creature from another planet who has never been on a train journey before.... or as yourself, or both!

## Getting ready

What did you do before you set off for the station?

What things did you take with you?

How did you get to the station?

## At the station

What did you do when you got to the station?

What happened? Use your senses to describe the station?

What equipment did you use (e.g. the ticket machine)?

What can you hear and see around you on the platform?

## On the train

What is it like being on the train?

What is in the carriage, e.g seats etc.?

What is great?

What would you like to make more fun or easier or safer?

Who is in the carriage?

What can you hear and see around you on the platform and then on the train?

What did you do on the train?

What happened when you reached your stop?  
How did you leave the station?

Was anybody meeting you at the station?  
Was it easy to find them?

## Your journey

Think about your journey. How did it make you feel (there will probably be different emotions and feelings at different times)?

Look over your planner. Are there things on your list that could be improved or made fantastical or more fun?

**How about creating an invention to do this!**
