

Picture challenge cards

Cut up the cards, mix them up and pick one to get started.
Then, give these challenges a go:

1. What would you invent with 100 of the same object? Think big!
2. Now pick another card, how could you combine these 2 different objects to create a new invention? What can your amazing invention be used for?

You could make something fun or something useful - the only limit is your imagination!

Draw your ideas on a separate piece of plain paper.

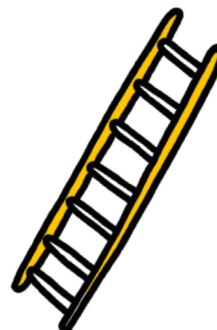

Umbrella

Toothbrush

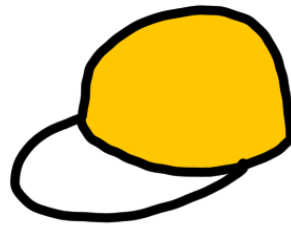

Car tyre

Ladder

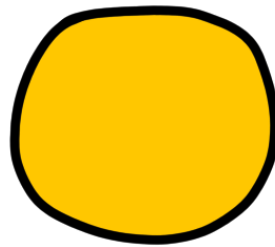

Scissors

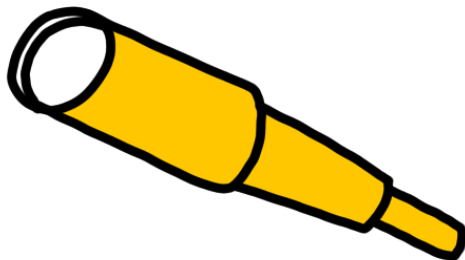

Hat

Trampoline

Ball

Telescope

Rucksack

Boat

Glove
